The theme for Week 6 (August 3-7) is "Richard Brown and Friends - Movies 101." Visit [www.ciweb.org](http://www.ciweb.org) for program, gate pass and housing information. You will be amazed at the range of activities (recreational, spiritual, cultural and educational) for all ages, from young families to the ageless. **Alumni College 2009**

Offered by Wittenberg University's  
Office of Alumni Relations

Our alumni college programs are designed to continue the lifelong learning tradition that defines the Wittenberg experience. Alumni College seeks to exercise both the brain and the body through engaging classes, discussions, field trips and social activities, while reconnecting alumni and friends to a place and people that truly have made a difference in their lives.

*The Nature of Rivers*

June 10-14, 2009

Wittenberg University campus in Springfield, Ohio

Our connection with rivers is "widespread and deep" — or at least it used to be. In many ways we have lost contact with rivers. We use the word "river" metaphorically to characterize our life experiences — the river of time, the river of life — but increasingly base these metaphors on the illusion (rather than reality) of rivers. Through lectures and discussions, local field trips and even a little fly fishing and photography, we will see how the short novel *A River Runs Through It* provides a framework to look at the rivers and relationships in our lives.

*Program Features*

- Field trips to Kenton Creek, the Mad River and Clifton Gorge
- Special faculty Lunch and lecture (Friday) with Professor of Political Science Rob Baker "The First 100 Days of the Obama Presidency"
- Lunch (Saturday) at the Emporium in scenic Yellow Springs and ice cream at Young's Dairy

*Suggested reading before the program*

*A River Runs Through It* and *Other Stories* by Norman Maclean. University of Chicago Press ISBN 0-226-50057-8
